HOW IMPORTANT IS IT FOR YOU TO REALLY CONNECT WITH THAI PEOPLE?

Union Language School (ULS) is committed to helping non-Thai people speak and use the Thai language the way that Thai people do, so that you can really connect with the Thai people.

QUALITY IS ONE OF OUR CORE VALUES

We said that we were serious about helping non-Thai people achieve fluency in the Thai language. To do that we commit to certain standards in our teaching of this language:

- ◆ All ULS teachers have completed a proprietary teacher training program designed by ULS and are certified to teach the ULS curriculum.
- ◆ All teaching is conducted only in the Thai language and students are expected to use the Thai language in the classroom from the first day onward.
- ◆ While the teachers may use many enjoyable methods for helping students to learn, competency in the language is at the core of every activity.

WHAT MAKE US SPECIAL

Union Language School believes that foreigners can master the Thai language to the point that they can achieve a working fluency with this language within nine months.

Our alumni are our best testimony to the effectiveness of our curriculum and our methods and there are hundreds of alumni who have worked or are working in Thailand. Come and see why they sing our praises.

WE BELIEVE IN RELATIONSHIPS

Language is a tool – the primary tool – for building relationships with other people. The more effectively a person can use a language, the more effective they will be in bridging cultures, customs, and national boundaries.

Union Language School can provide the highest quality Thai language learning experience, while helping students learn to build cross-cultural bridges and long-lasting relationships with Thai people. The key to this is strong relationships between teachers and students, students and other students, Christians and non-Christians, mission organizations and other mission organizations. That begins in the classroom on your first day at ULS.

WHY CHOOSE US?

- ✓ We are the first, the best, and the preferred Thai language school.
- ✓ All teaching is conducted only in the Thai language from the first day onward.
- ✓ We are committed to helping ULS students succeed by mentoring and supporting their efforts at every level.

YOU ARE A MEMBER OF OUR FAMILY

Our alumni claim that they felt like they were a member of the family from the very first day they began studying at Union Language School. We invite you into our home and we want you to feel at home.

We Offer:

Free WiFi for students to be able to communicate with others between classes via the Internet. Free coffee, tea & water for students to drink.

Couches and chairs in several areas. A kitchen with a refrigerator, microwave to be able to store their food, medication, or personal items.

A private room for those who are not feeling well to rest until they are able to return to class.

An “Open Door” policy with the Senior Executive of the school to be able to discuss any and all concerns.

65 YEARS OF EXPERIENCE

In 1955, three independent Protestant Christian mission organizations came together to form Union Language School, under the umbrella of the Foundation of the Church of Christ in Thailand. At that time, its primary purpose was to prepare mission workers to share their faith with the Thai people.

Times and purposes have changed. While ULS still teaches many new mission workers, we also teach many others. For example, Chinese students come to learn Thai so that they can continue their education at a Thai university. American businessmen come to learn Thai so that they can work side-by-side with their Thai manufacturing partners to improve their business operations overseas. The list goes on and on.
